STATINTL

MEMORANDUM FOR [REDACTED] EXECUTIVE FOR
PERSONNEL AND ADMINISTRATION

STATINTL

1. Attached memo is unsatisfactory in its present form. It should be referred to [REDACTED] for revision under his supervision. I concur in his remarks and add the following:

a. Reference paragraph 2a, the authority should be cited. Also, paragraph 2 appears to be a policy statement; as such, it is incomplete. If infers that the Chief, Personnel Division, is the sole appointing authority within C.I.G.; this is not so. For example, the Director or Deputy will pass on certain appointments; Assistant Directors or their representatives will have to concur in others; you are reviewing all appointments grade CAF-10, the P grade equivalent, and higher. If this is to be a policy statement let's make it complete.

STATINTL

b. Paragraph 3a is vague along the same lines. Whenever you publish a new administrative memorandum pertaining to any subject of previous administrative memoranda on the same subject, it should be referred to if the two are consistent, and if not consistent, previous memoranda should be rescinded or revised.

STATINTL

c. Instructions for transfers (paragraph 6, this memo) are contained in Administrative Order [REDACTED]

d. Also, has this Administrative Order been checked throughout against C.I.G. Administrative Order [REDACTED], "Organization and Functions of the Personnel Division", particularly with reference to paragraph 7.

?

e. Reference rejection of personnel, paragraph 4e, you have an unnumbered memorandum containing instructions on how rejections will be handled. To repeat, whenever a new administrative memorandum is published it must be thoroughly checked with existing administrative memoranda, numbered or unnumbered, adequate references made, and previous instructions rescinded if necessary.

?

2. I understand you are working on a set of C.I.G. regulations which will include all existing administrative instructions. Preparation of these regulations will be much facilitated if the procedure outlined above is followed. Also there will be much less confusion by the people attempting to carry out the instructions.

Office Memorandum • UNITED STATES GOVERNMENT

TO : Executive for Personnel and Administration
FROM : Chief, Finance Division
SUBJECT: Procedure for Requesting Personnel Actions

DATE: 3 December 1946

STATINTL

This is in reference to [REDACTED] memorandum of 19 November 1946 STATINTL which contained various comments and criticisms regarding the draft of a proposed procedure for Requesting Personnel Actions. This proposed procedure has been revised along the lines suggested by [REDACTED] and [REDACTED] and the revised draft is attached hereto. Your STATINTL attention is directed to the following points:

1. Paragraph a of [REDACTED] memorandum requests that specific authority be cited. This has been done in the revised draft. It is not intended that the attached should be a policy order. The purpose and scope of this order is to instruct the operating officials so that they may request personnel actions on standard forms in a uniform manner. The purpose of the paragraph entitled "Authority" is to show the authority for the issuance of such instructions, and is not intended to be a complete policy statement. With respect to the authority to approve personnel actions, it is recognized that it is necessary for the Deputy Director, Assistant Directors and their representatives to pass on certain types of appointments before their final approval. However, the responsibility for the final approval is that of the Chief, Personnel Division. The law (USC 43) provides that only the head of an agency or his delegatee may approve personnel actions, and although the Director, Central Intelligence in a Delegation of Authority dated 6 September 1946 vested this authority in the Executive for Personnel and Administration, the Chief, Personnel Division and the Assistant Chief, Personnel Division, the Chief, Personnel Division is the CIG representative recognized by the Civil Service Commission as the appointing official for the agency. STATINTL
2. Paragraph b of [REDACTED] memorandum requests that previous memoranda on the subject of recruitment be cited. So far as we have been able to determine there are no previous memoranda on the subject of recruitment. STATINTL
3. Administrative Order [REDACTED] has been cited in the revised draft in accordance with the request contained in Paragraph c of [REDACTED] memorandum.

Enclosure #3.

STATINTL

4. Paragraph d of [REDACTED] memorandum requests that the Procedure for Requesting Personnel Actions be checked throughout with CIG Administrative Order [REDACTED]. This has been done and there appears to be no conflict between the STATINTL two orders.
5. Paragraph e of [REDACTED] memorandum requests that previous unnumbered memoranda on the subject of rejections be cited. This citation has been included in the revised STATINTL draft.
6. The recommendations made in [REDACTED] note have been incorporated in the revised draft.
